2012 is The Year of The Dragon

According to the Chinese Zodiac, the Year of 2012 is the Year of the Dragon, which begins on January 23, 2012 and ends on February 9, 2013. The Dragon is the fifth sign of the Chinese Zodiac, which consists of 12 Animal signs. The Dragon is a creature of myth and legend. In ancient China, the celestial Dragon represents an emperor and power. Today, it is the ultimate auspicious symbol signifying success and happiness. People born in the Year of the Dragon share certain characteristics: Innovative, enterprising, self-assured, brave, passionate, conceited, and quick-tempered. May the celestial

Dragon bring great good luck to everyone.

PROPOSED MEMBERSHIP CARDS

At the November and December general meetings, it was discussed and agreed that the Club should have a new and revised membership card. It was also discussed that the holder of the card be given a membership number which would be annotated on to the card. At left are five proposed designs. Rather than wait for the February meeting to decide upon a design, an executive decision was made in December. Proof 1 took the blue ribbon.

A little info on the above two events. The Kenilworth Aussie Legend Custom and Classic Car Show is just in its third year and is developing into a great event and a great day out. It is held in the street adjacent the Kenilworth Hotel. One of the few events where entry for exhibitors is free. Trophies are awarded for various categories.

The North Coast Street Machine's Ballina Car Show is also a great event and attracts quality cars from NE NSW and SE QLD. It is held in pleasant surroundings with breakfast available at cost, live music and other activities such as wheel changing and tappet cover races. Considerable effort is put into building a 'racing' tappet cover with the aim of taking out the trophy. The track is a fabricated, sloped structure. Most attendees make this event it a weekend affair overnighting at one of the many motels in Ballina. I'll be there. Lance.

A little trivia about the New Year

New Year is the world's most popularly celebrated festival. Origin of New Year dates back to the era of emperors. They thought of celebrating a special day which should dot a day for the beginning and the end of the year. First New Year celebrations were noticed in Mesopotamia (largely corresponding to modern-day Iraq, northeastern Syria, southeastern Turkey and southwestern Iran) around 2000 years ago. As per the ancient Roman calendar New Year fell on March 1. This calendar just had ten months and March was the first month of the year with February being the last. It was Numa Pompilius, the second king of Rome who divided the year into twelve lunar months by adding the months of January and February. The New Year was shifted to January as it marked the beginning of the civil years in Rome.

Drinking & Driving ... especially at this time of year. Cheers! I would like to share an experience with you all, about drinking and driving. As you well know, some of us have been known to have had brushes with the authorities on our way home from the odd social session over the years. A couple of nights ago, I was out for a few drinks with some friends and had a few too many beers combined with some rather nice claret. Knowing full well I may have been slightly over the limit, I did something I've never done before - I took a bus home. I arrived home safely and without incident, which was a real surprise, as I have never driven a bus before and am not sure where I got it from!

SMART-ARSE ANSWER OF THE YEAR

A teacher at a West Australian high school reminded her pupils of tomorrow's final exam.

"Now listen to me, I won't tolerate any excuses for you not being here tomorrow. I might consider a nuclear attack, a serious personal injury, illness, or a death in your immediate family, but that's it, no other excuses whatsoever!"

A smart-arsed teenager at the back of the room raised his hand and asked, "What would happen if I came in tomorrow suffering from complete and utter sexual exhaustion?"

The entire class was reduced to laughter and sniggering. When silence was restored, the teacher smiled at the student, shook her head and sweetly said, "Well, I would expect you to write the exam with your other hand."
