Annual General Meeting ~ 5th September

With the Annual General Meeting done-and-dusted, a new committee has taken the reins to oversee your club for the next 12 months. Please see page five for the new committee list. The Club is still seeking a member to be the representative to the Queensland Historic Motoring Council, so should anyone be interested, please contact the President or Secretary.

The AGM, graciously chaired by Cathy Kuhrt, generally went well however finding a secretary was no easy task. The Club appreciates Liz Harris for her willingness to take-on this demanding and time-consuming roll. And similarly, many thanks to all those who offered their time and commitment to be part of the 2012-2013 committee.

But it was not just the AGM which took centre stage but also a time to recognise founding members of the Caboolture Regional Car Club who were duly presented with life memberships and badges by President Dennis Seidel. This, it was felt, was long over due. The founding members were: John Fenech, David Dodds, Jim and Kris Mazok, Darryl Norris and Simone Mazok-Norris. In addition, the President presented three additional life memberships to members David and Cathy Khurt and Billy Tittor for their contribution, dedication and commitment to the Club. Congratulations to these members.

All Aussie Father's Day, Lakeside ~ 2nd September

The All Aussie Father's Day at Lakeside on 2nd September, albeit an optional run, was well-represented by the Club. The weather was superb which made for a great day out.

Whilst there was no planned rendezvous point for the run to Lakeside, some went straight to the track while others met with members of the Queensland Torana Car Club (QTCC) at Kallangur who had invited CRCC members to tag along. Additionally, QTCC very generously invited CRCC members to join them on the track thereby saving CRCC the required \$200 track fee. I'm sure that those members of CRCC who drove their cars on the track were very appreciative of the generosity of the Torana Club. Perhaps CRCC should reciprocate in some way in the future. Maybe an invitation to attend a CRCC event or function sometime would be in order.

As well as cruise sessions, there were also drags, track challenges and a show 'n shine. I'm not aware of any club members scoring wins at the show 'n shine. Suffice to say the event was well worth it for a mere \$10.00 entrance fee, and of course, a saving of the \$200 track fee compliments of the Queensland Torana Car Club.

Lance.

Christmas Function

It's that time of the year when we need to start thinking about the end-of-the-year function. The longer we leave it the more difficult it will become to find a suitable venue. One suggestion is that the function be held at the 'Chantilly Blue', a restaurant/coffee lounge located at picturesque Kilcoy. Other suggestions are most welcome. 'Chantilly Blue' serves gourmet & home-made meals as well as salads and desserts and at a moderate price.

Staff at Chantilly Blue have been asked to provide a menu and costings which will be presented for consideration at the October meeting. Also to be discussed is how the function is to be funded, i.e., whether the Club covers the cost or whether cost is subsidised. The proposed date for the Christmas function is the 9th December.

Rendezvous Point for Club Runs

In the past, the majority of Club runs have commenced from the 'Big Fish' facility located on the corner of the Bruce Highway and Pumicestone Road, Caboolture. It is of concern that when entering the Bruce Highway from the Big Fish, whether heading north or south, the ramps leading onto the highway are considered too short thus presenting a hazard when merging with existing high-speed highway traffic. As such, it was recommended at the September meeting that consideration be given to changing the rendezvous point from the 'Big Fish' to the 'BP Service Centres' at Caboolture South where the on-and-off ramps are considerably longer and therefore safer. It was therefore decided, in the interest of safety, to change the rendezvous point to the BP Service Centres; North or South depending on the direction of travel of the run.

In essence, 'BP North' will be used for northbound runs and 'BP South' used for southbound runs, however, the 'Big Fish' may still be used for westbound runs where the direction of travel is via Pumicestone Road.

An additional advantage of using the BP Service Centres is that they have amenities and eateries where the Big Fish does not. A disadvantage is that parking in the immediate vicinity of the service centre is sometimes congested, however there is generally plenty of parking elsewhere on the establishment.

Please note that the change to the BP Service Centres will not take effect until October. Current posted runs remain unchanged.

Joke of the week From Cyril. A big game hunter goes on a safari with his wife and mother-in-law. One morning while deep in the jungle, the hunter's wife awakens to find her mother gone. She wakes her husband and the set-off in search of the older woman. In a clearing not far from the camp, they come upon a chilling sight. The mother-in-law is standing face-to-face with a ferocious lion. "What are we going to do?" his horrified wife asks. "Nothing." the husband replies. "The lion got himself into this mess, he can get himself out of it!"

The Lemon Picker... From Kevin. The woman applying for a job in a lemon orchard in Oberon seemed to be far too qualified for the job, given her arts and education degrees and her jobs as a social worker and school teacher. The foreman frowned and said, "I have to ask you this, have you had any actual experience in picking lemons?"

"Well, as a matter of fact, I have!"

I've been divorced three times, owned two Fords, barracked for the Broncos and the Tigers and I voted for Peter Beattie and Julia Gillard."

Interested in buying a Club flag?

After displaying the new Club flag at the last meeting, there has been some interest by members to purchase a flag of their own as a souvenir item. The flag in question is a full-size (1800mm X 900mm) is of good quality and designed specifically for flying from a pole. The flag wasn't at all cheap at around \$180.00 plus there were extra charges for the artwork and set-up. I've been in contact with Flagworld who said that they could do a special offer for six full-size flags at \$152 each. Alternatively, Flagworld could also offer as another option, a smaller 900mm x 450mm flag with no header, just hemmed (these could be framed) at \$56.00 each plus GST. There would need to be a minimum order of 10 flags to obtain this price. Please let me know if you are interested.

Some may have noticed that the newsletter page on the web site has been password-protected. This was done for the sole reason that as the membership fee entitles the member to a newsletter, it was therefore considered inappropriate and unfair to financial members that the newsletters be made public.

As it is believed that the newsletter can be an excellent selling-point for the Club as well as good PR, the aim is to make past issues, namely 2011 newsletters and beyond, available to all. 2012 issues will be passworded. These changes will be reflected in a new and revised web site newsletter page to be uploaded within the next week. Please feel-free to comment on the above either for or against.
