Joke from Cyril

One December day we found an old straggly cat at our door. She was a sorry sight. Starving, dirty, smelled terrible, skinny. And hair all matted down.

We felt sorry for her so we put her in a carrier and took her to the vet. We didn't know what to call her so we named her "Pussycat." The vet decided to keep her for a day or so he said he would let us know when we could come and get her

My husband (the complainer) said, OK, but don't forget to wash her, she stinks.

He reminded the vet that it was his WIFE (me) that wanted the dirty cat, not him.

My husband and my vet don't see eye to eye. The vet calls my husband "El-Cheap-O", and my husband calls the vet "El-Charge-O".

They love to hate each other and constantly "snipe" at one another., with my husband getting in the last word on this particular occasion.

The next day my husband had an appointment with his doctor, who is located in the same building, next door to the vet. The GP's waiting room and office was full of people waiting to see the doctor. A side door opened and the vet leaned in-he had obviously seen my husband arrive.

He looked straight at my husband and his loud voice said,

Your wife's pussy ,doesn't stink anymore. We washed and shaved it, and now she smells like a rose.!

Oh, by the way, she's pregnant.!

God only knows who the father is. !!!!!

Then he closed the door

The silence was deafening

Now THAT , my friends, is getting even !!!!

Special Interest Vehicle Registration (SIV) ~ 'Concessional' or 'Club Rego'

To qualify for 'Concessional' or 'Club Rego' registration, new members must attend four (4) Club-sanctioned activities or Club meetings within the first six (6) months of membership. Thereafter new and present members holding concessional registration must attend four (4) Club-sanctioned activities or Club meetings each year in order to retain the concessional registration. Failure to comply may result in a recommendation to the Department of Transport and Main Roads for forfeiture of the registration.

Some facts for Special Vehicle Registration:

Registering your vehicle under the Special Interest Vehicle Registration Concession Scheme:

Historic Vehicles

You will need to follow the standard registration procedures for a vehicle as well as completing a Vehicle Registration Concession Application (form F3937) and providing the following documents as proof of eligibility:

Club Membership: Evidence of current membership with an incorporated vehicle club or association must be provided at the time of application for the concession.

Historic Vehicle and Dating Certificate: A dating officer (or club official) of an incorporated vehicle club or association must inspect the vehicle to certify the vehicle's authenticity and year of manufacture, that is, no structural modifications have been made that would deem it as manufactured at the date it was modified. This certificate must be on club letterhead or other official club documentation and include the chassis number or vehicle identification number.

Vehicles fitted with a modification plate, code LH10 are not eligible for a special interest vehicle concession.

Vehicles registered under the scheme have certain limitations placed on their use. This is reflected in the reduced fees and compulsory third party insurance premium. Registered operators must confine their vehicle's use to:

- Participating in rallies organised by incorporated vehicle clubs.
- Participating in processions for which a Special Events Permit has been issued under the Transport Operations (Road Use Management –Accreditation and Other Provisions) Regulation 2005.
- Exhibiting the vehicle in displays, fetes or similar functions conducted for religious, charitable or educational purposes.
- Ceremonial purposes (weddings, formals) involving immediate family members provided this is not done for fee or reward. Immediate family means parents, grandparents, sons, daughters, grandchildren but not extended family relationships such as nephews and nieces.
- Preparing for, proceeding to, and returning from the above activities.
- Direct travel to and from an Approved Inspection Station (AIS) for the purposes of obtaining a safety certificate before offering the vehicle for sale.
- Travel in order to have the vehicle repaired. There is no distance restriction in these circumstances however, such travel must be reasonable and justifiable by the vehicle operator.
- Road testing within a 15 kilometre radius from the place where the vehicle is garaged. The purpose of the travel must be to road test the vehicle following repair or restoration and not for any other purpose. This does not include use as a means of transport.

Failure to comply with the conditions of the special interest vehicle scheme is an offence and serious consequences may result.

Please refer to the Department of Transport and Main Roads for SIV Policy and Procedures.
