# FROM THE PRESIDENT

*DENNIS SEIDEL*

G'day my fellow car enthusiast's 🤝

To start this month I'd just like to say a big thank you to David Spencer who has put his hand up to help out with our club newsletter. The newsletter may be an old school thing these days but personally I love having a newsletter for our members and we have such a diverse group of members its good to have so many avenues of communication to get all the relevant information out to everyone.

Always remember we love any of our members to contribute to the newsletter. Share cars, stories, photos or anything you think is worthwhile sharing.

The month of June has our annual big event with the club Swap, Show and Shine. Saturday June 16 is the big day and it's very close now. Thankyou to all those who have already volunteered and to those who will be attending on the day. It's always a great day with so many members who give a hand and make it so successful.

Don't forget to share with everyone the flyer for the event so we can make it our biggest event yet.

Now for a little car and motorsport trivia. Bathurst 1980 saw Ford's top man, Alan Moffat competing in his Yellow Federation sponsored XD Ford Falcon which blew a motor in a spectacular plume of smoke on lap 3. Now as many of you know back then teams would cross enter all their drivers in all their team cars to help get a result if something was to happen but in 1980 Alan Moffat was cross entered in a car from a completely different team. He was also entered in with the 1976 Bathurst winner Bobby Morris' Ford Falcon. Moffat jumped in the Morris Falcon on lap 70 and drove around surprisingly off the pace so on lap 87 Morris got Moffat to pit and put original co-driver Bill O'Brien in the car but within a lap the engine expired.

So of course Morris blamed Moffat but Moffat said he knew the motor was not healthy and was looking after it hence the slower lap times. Quite an interesting story I think from the history of our Great Race.

Cars, bringing people together 🚩

Dennis

# FROM THE EDITOR

*David Spencer*

**Hi Guys**

**Hope you all have had a great month. I am having a go at the clubs editors role for the monthly newsletter.**

**I have started this newsletter with a couple of photos of my car (The Corvette) that I thought were pretty good. If you have any good photos of your cars and you would like to share them in the newsletter please send them to me and I will try to add them. If I don't get any submissions then look forward to more photos of The Corvette. I will use photos of club runs that have been put up on facebook unless the poster wishes me not to. Please let me know if I cant use your photos. I will try to credit the photos to the poster when I use them.**

**The cover photo was taken by me up at Maleny overlooking the southern drop off. Down the road from Mary Cairncross lookout. I was trying to get a good sunset background with rays of light shooting through the clouds but mother nature had other ideas and gave me too many clouds.**

**The inside cover to the newsletter was taken on the banks of the Burnett River under the rail bridge in Bundaberg by my wife Lisa Spencer at sunset. It was a handheld photo so I think she did very well in keeping the camera steady in the low light. For the eagle eyed that noticed that the steering wheel and myself are on the wrong (or is that right) side of the car, the image has been flipped in order to fit in the pages better.**

**I would like to thank the past editors for their efforts especially Grant Abbott for creating this newer formatting and layout. However these newsletters can evolve over time and if you would like to see different things included then please email me your suggestions and I will try to add them where I can.**

**My email address is [my1978corvette@hotmail.com](mailto:my1978corvette@hotmail.com)**

# Club run to Lake Borumba for a BBQ Lunch

Lake Borumba is located 14 kilometres south-west of Imbil. We had a great run up the freeway with a short stop at Cooroy to regroup before forwarding on to the lake. Don't know how many cars but over 40 club members enjoyed a BBQ feast of snags & onions on bread with a selection of exotic sauces. These great social events are always well attended and a fun time is had by all. After lunch the return journey took some back via the freeway whilst others continued on to Kenilworth for afternoon coffee followed by a return home through Maleny and Woodford. Thanks go to Ray and Noel, the cooks and the club for funding the food.

Happy Valley is the hubbub hanging over Caloundra's Clark Place Park, on the shores of Bulcock Beach.

## RUN ETIQUETTE

To ensure that their vehicle has adequate fuel to reach the destination or the next planned fuel stop. Refuelling the vehicle should be done before refuelling oneself! Run departures will not be delayed for those vehicles needing last-minute fuel particularly if there has been an ample opportunity to fill-up before the run departs.

Urged to be on time for the commencement of the run and/or event. Should a member be running late and wishes to commence the run with the group, he/she should contact the run coordinator. Similarly if members wish to join en-route.

Urged to keep together wherever possible, particularly in built-up areas. This will minimise the necessity of continually stopping to regroup which can be hazardous. It is realised that keeping together in built-up areas can be difficult, but often those caught at traffic lights will catch-up to those in front as they themselves are slowed by lights.

Not permitted to overtake the designated run leader. However participants may move about within the group, overtaking when safe and legal.

Encouraged to remain with the group until the agreed dispersal point at the end of the event. This also applies to static events such as car shows.

Encouraged to carry a small portable UHF CB radio and set to Channel 9. Such radios are relatively inexpensive, and have ranges varying from around one to five kilometres. They are invaluable and a medium by which to keep informed about what is going on, and to let the group know if you have become separated or broken-down.
