WISHING YOU A
SPEEDY RECOVERY

GET WELL SOON!

As far as we know there are no new sicknesses or injuries. Well done club members. Stay healthy and safe.

Apologies if anybody has been missed. If we do not know that you are ill, have had surgery or perhaps an accident, then we are unable to respond in any way.

FROM THE PRESIDENT

DENNIS SEIDEL

G'day my fellow car enthusiast's 🤝

Well what a day we had for our annual Swap, Show and Shine! Absolutely looked after on the weather front for a magnificent Queensland winters day. It may have been a cold start to the day as many of us arrived around 4am but what a perfect day.

The turnout of members cars being displayed on the oval in the Show and Shine area was very impressive and the best supported I can remember. Thankyou to all of you that volunteered for helping make our event so successful for another year.

I would also like to thank all our sponsors for their support of the event, many of which give continued support every year.

My favourite part of the day is getting to judge a few categories for trophies in the Show and Shine. Just love getting to perve on all those cars. This year I managed to also take a lot more photos of the entrants cars with the glorious weather helping. Along with everyone else I'm looking forward to hearing about how well we did during our favourite segment at the club meeting, The Treasures Report!

Just a quick little reminder that memberships are now overdue so you can come and pay them in person at the next club meeting on July 4. Get in early and see Lance, he will even have an assistant that night to help with the expected extra workload. I hear that person is super attractive so don't miss out.

Ok for something a little different. Do you have a favourite car song? The following are some of the lyrics from a favourite of mine by Aussie Rock Band Cold Chisel. The song title is:

HQ454 Monroe.

"You tell me that you're leaving me
For someone you believe to be
Devoted just to you and you alone
Well goodbye baby, you know I'll
Be thinkin' of you only while
I get my Chevy motor fully blown
When you said I had to choose between
This muscle car and you, my queen
There was only one way that could ever go
I used to get home when I could
But there was nothing there as good
As when I light the nitro on my
HQ454 Monroe

She got fuelie heads, a tunnel ram
Roller rockers, lumpy cam
A seated seta new L34's
Gotta new four hundred Hydra shift
Simmons wheels, nine inch diff
Bridgestone Eagers, twelve inch just because
She's got four a colour, four a clear
She's lookin' better year by year
And unlike you tonight she's riding low
So baby its goodbye
You could never get me high
Like when I light the nitro on my
HQ454 Monroe....."

Maybe share one of your favourite car songs with us all.

Cars, bringing people together 🚗

Dennis

FROM THE EDITOR

David Spencer

Hi Guys

Hope you all have had a great month but you own and drive great cars so of course you have.

Well as I warned you. I did not get any photos of your cars sent to me so here is another photo of The Corvette created by Grant Abbott. I love the way the bonnet slopes off. There is probably near to a meter of car at the front that you cant see. I have had to learn not to park close to anything in front of the car.

I will use photos of club runs that have been put up on Facebook unless the poster wishes me not to. Please let me know if I cant use your photos. I will try to credit the photos to the poster when I use them.

If you would like to see different things included then please email me your suggestions and I will try to add them where I can.

My email address is editor@crcc.com.au

RUN ETIQUETTE

To ensure that their vehicle has adequate fuel to reach the destination or the next planned fuel stop. Refuelling the vehicle should be done before refuelling oneself! Run departures will not be delayed for those vehicles needing last-minute fuel particularly if there has been an ample opportunity to fill-up before the run departs.

Urged to be on time for the commencement of the run and/or event. Should a member be running late and wishes to commence the run with the group, he/she should contact the run coordinator. Similarly if members wish to join en-route.

Urged to keep together wherever possible, particularly in built-up areas. This will minimise the necessity of continually stopping to regroup which can be hazardous. It is realised that keeping together in built-up areas can be difficult, but often those caught at traffic lights will catch-up to those in front as they themselves are slowed by lights.

Not permitted to overtake the designated run leader. However participants may move about within the group, overtaking when safe and legal.

Encouraged to remain with the group until the agreed dispersal point at the end of the event. This also applies to static events such as car shows.

Encouraged to carry a small portable UHF CB radio and set to Channel 9. Such radios are relatively inexpensive, and have ranges varying from around one to five kilometres. They are invaluable and a medium by which to keep informed about what is going on, and to let the group know if you have become separated or broken-down.
