Best wishes for speedy recoveries to all club members that are feeling under the weather this past month. We know what you did to cause it.

FROM THE PRESIDENT

Vince Blanchard

A big hello to our life members and members.

A big warm welcome to our new members.

It's hard to believe we are already in March, how time flies when you're having fun. Speaking of which Ray and Peter are busy with their runs.

If you're a new member this is a great way to meet others, and maybe learn something new?

March is our 25th Anniversary as a club. This is where you can have your cake and eat it too. [March meeting]. Hopefully some of the Founding Members will be in attendance.

To all those with birthdays a big happy birthday, even if you don't want to be reminded. They do say with age comes wisdom.

A quick reminder those who attend the monthly meetings, if you could turn off phones or put them on silent it would be appreciated.

Hope your all have a great month. Happy motoring.

Vince

FROM THE EDITOR

David Spencer

Hi Guys

What a start to the year. Its already March and my family and I are still not in our home after our fire in November. I don't think I will be giving Shannons Insurance a good report when this is all over.

On a brighter side, I was driving my Corvette to work early one morning when I came across an ambulance parked on the side of the road with the lights flashing and the back doors open. The ambos were busy loading their patient, who was lying on the stretcher, into the back of the van. The patient must have heard the corvette rumble as I approached and he lifted his head up off the pillow and gave me a thumbs up as I drove by. Both he and I had a grin on our faces after this and goes to show that just driving our special vehicles in public brings joy to the people that chance to see us drive by. We are doing a community service by driving our cars so get out there and drive them and bring joy to you and your community.

I can see a Corvette in this photo. Can you?

I will use photos and comments of club runs that have been put up on Facebook unless the poster wishes me not to. Please let me know if I cant use your photos or comments. I will try to credit the photos to the poster when I use them.

If you would like to see different things included then please email me your suggestions and I will try to add them where I can.

My email address is editor@crcc.com.au

Workshop/Demonstrations at Monthly Meeting by John Dixon

Over the last few months at our monthly meetings John Dixon has performed presentations on various subjects (Holden 3-speed gearbox, Car - buretters, Electronic ignition, etc...) for the education of club members who were interested. Thanks John for these. Those people who attended your talks were greatly appreciative of your shared knowledge.

At future meetings John will hold question and answer sessions. So bring in your questions so that John can have a go at answering them for you.

Charitable Donations by CRCC

CRCC are in need of suggestions for worthwhile organisations to make donations twice yearly.

Nomination forms are available from the Secretary at our CRCC monthly meetings.

Please help us to donate your money to worthwhile organisations by providing us with your suggestions.

Dugong Café & Mystery Run. Continued from Page 2 & 3.

Great run today we had 41 people and 26 cars. The staff at Dugong did themselves proud with their service and quality of the meals, well done. The run up through the hills to Mt Mee was as good as I could have hoped for, not many oncoming vehicles at all.

The Brazen Hussey at Woodford turned on some very nice cakes and coffee to complete the morning.

Total Tools Grand Opening Car Show

Thanks everyone for turning up yesterday to the Total Tools opening. We ended up with 29 cars, some that I had never seen before, well done. Pizza, beer, soft drinks, 4 very good prizes and lots of give away items at the trade stalls made for a very enjoyable mid week get together.

Congratulations Total Tools for putting the show on, well done. Photos by Ray & Lance

RUN ETIQUETTE

To ensure that their vehicle has adequate fuel to reach the destination or the next planned fuel stop. Refuelling the vehicle should be done before refuelling oneself! Run departures will not be delayed for those vehicles needing last-minute fuel particularly if there has been an ample opportunity to fill-up before the run departs.

Urged to be on time for the commencement of the run and/or event. Should a member be running late and wishes to commence the run with the group, he/she should contact the run coordinator. Similarly if members wish to join en-route.

Urged to keep together wherever possible, particularly in built-up areas. This will minimise the necessity of continually stopping to regroup which can be hazardous. It is realised that keeping together in built-up areas can be difficult, but often those caught at traffic lights will catch-up to those in front as they themselves are slowed by lights.

Not permitted to overtake the designated run leader. However participants may move about within the group, overtaking when safe and legal.

Encouraged to remain with the group until the agreed dispersal point at the end of the event. This also applies to static events such as car shows.

Encouraged to carry a small portable UHF CB radio and set to Channel 9. Such radios are relatively inexpensive, and have ranges varying from around one to five kilometres. They are invaluable and a medium by which to keep informed about what is going on, and to let the group know if you have become separated or broken-down.

This year's Gold Coast Antique Auto Club's Autorama is being held in conjunction with the Queensland Historic Motoring Council Inc. annual event which is held over May (QLD) long weekend.

Smooth ride for young **at heart**

Driving her EH Holden takes Karen Fiedler on a trip down memory lane

DRIVER'S SEAT ... Car lover Karen Fiedler at the wheel of her 1963 EH Holden; (below) before and during the restoration process.

Kylie Knight

WHEN Karen Fiedler's husband Des finished restoring his 1969 Monaro, she asked him where her historic ride was. The Elimbah mother-of-three was looking for a Holden from her era — she was born in 1964 — when she found an EH Holden for sale in Gympie.

The owner, an older gentleman, was ill and no longer able to work on the car with his son.

Karen and Des liked what they saw and even though they found out it was in fact a 1963 model, they're happy with the car they bought that day and proud of how it now looks. "It was the fourth EH off the production line in Adelaide. It would be one of the oldest EHs on the road," Karen says.

Des restored the body, sandblasting it back to bare metal, and completely overhauled the

“It's the car you remember from when you were young

— KAREN FIEDLER

mechanics. Before Des got to work, the car was roadworthy, but "valley mist" green with a brown interior.

"When I first drove it, people didn't give you respect on the road because it didn't look any good. Now that it's done up, you get a lot more respect," Karen says.

They made sure the previous owner could also enjoy the transformation, driving it back to Gympie for the old man to see.

"He drove it in his driveway and told us he'd give us our money back," Karen recalls.

They politely declined and now enjoy driving the car to club events.

"It was the first car I remember my parents

having," she says. "It's the car you remember from when you were young."

Driving the EH long distances is not without its perils, especially if the fuel level drops below the quarter tank mark.

"You're not an EH owner unless you've run out of fuel," Karen says, laughing.

They'll fill the tank and head to the EJ-EH Nationals at Bathurst in March.

"It's smooth, it's nice to drive, it's nice to sit in, even without airconditioning," she says.

So, how does she feel when she's driving with the wind in her hair? "I feel young. You're back in that same era when you were 16-20 years old," she says.

Karen says car clubs are not just for men and they're a great way to meet people.

The couple are members of the Caboolture Regional Car Club, which has been bringing car lovers together since 1994.

9. Business Arising from Correspondence –

Advice was received from QHMC that TMR were allowing individuals to take “Impromptu runs” in their SIV registered vehicles. John Hogg, QHMC Representative explained that TMR agreed that SIV registered vehicles could undertake ‘Impromptu Runs’ when ever the desire arose by simply posting such runs to the Clubs Social Media or Web Page without it actually being a sanctioned ‘Club Run’.

While we have this in writing from QHMC it still has not been added to the TMR Webpage list of conditions for use of SIV vehicles but should be soon.

10. Presidents’ Report – President, Vince Blanchard, wished everyone a Happy New Year.

He advised that he had been approached by Kylie from the Moreton Life Magazine wanting the names of women in the club who may be interested in being featured in an upcoming edition with regards women in the community. Several names had been forwarded and they had selected Karen Fiedler to interview.

13. Run Coordinator’s Report –

Hope you all had a great Christmas and New Year, I certainly did.

We finished off last year with our Christmas party on the 9th December, we had 105 adults and 2 children that payed, unfortunately a few couldn’t attend due to unforeseen circumstances. Our major door prize was partially sponsored by Super Cheap Auto Morayfield.

In January we had 3 Australia Day runs. As there had been a lot of interest in three specific runs I decided to put them all up.

- The first was the Historical Village at Caboolture. We had 15 people and 9 vehicles attend the day. Unfortunately, one of our members was injured whilst trying to help someone start their car.

- The second event was the Bayside Vehicle Restorers Club at Ormiston State School.

- The third was the Glasshouse Mtns Show and Shine.

The first run for February will be to Total Tools Morayfield on the 7th. For those that can make it, there will be a cordoned off car park at the back of the store for all of the cars being displayed. Start time is 4pm and will run until 7pm. There will be prizes for best in show and runner up, plus an encouragement award for someone who has a car still requiring more work to be done on it.

- **17th February**, breakfast run to the Dugong Café the Lakes, just off King Street Caboolture. Meet at the venue at 0730 for breakfast at 0800. Depending on the weather there will be a mystery run afterwards.

- **3rd March**, Lets go bowling 207 Morayfield road Caboolture. Meet at the venue at 0930 for a start at 1000. This is a lunch time event and Caboolture Bowls have arranged a special priced lunch for us.

- **23rd March** SALUBRIOUS at Archer Falls Air Strip, Car, Truck & Bike Show with various trophies up for grabs. Vintage Aircraft Dirt Drags - Spear a Spud - Go to Whoa, Food - Drinks - Bar & Band 'Till Late. This is a great day out and supports the Endeavour Foundation. Meet at BP North at 0730 for a 0745 start. Stopping off at Woodford opposite the pub to pick up other members then on to Archer Falls Air Strip 1253 Neurum Road Mount Archer. There is a \$10 entrance fee.

- **30th March** Movie night. More details will be provided as we get closer to the date. Check our website, and Face book for all regular and organised runs.

14. Swap Meet Coordinator.

Cathy Kuhrt thanked all that had taken fliers to the Toowoomba Swap meet. Please see Cathy if you want more fliers.

Vehicles would be required for a display at Morayfield Shopping Centre the end of May beginning of June. Please contact Cathy if interested.

15. Show and Shine Coordinator

Kevin Lewis advised Carl Talboys was beginning to collect promised sponsorship. He also advised that he would be posting a request to the Facebook page for people to fill positions in the roster for the event.

16. Dating Officer – Rob Blake reported the following cars have had supporting documentation supplied to their owners – 2 Datsun's, 1 Commodore, 1 Thunderbird, 1 Galaxy and 1 Mustang.

- C. Graham Pitts made a request that a more substantial supper be provided at future meetings. President Vince Blanchard said this would be considered at a committee meeting.

Car Sales

John Bland is offering to CRCC Club members first a 2017 plated, 2018 model GT Mustang 5L 6 speed manual. All the bells and whistles that came with this model including the upgraded electronics and 450HP. The car is red in colour with white striping on the bottom sills with black leather interior. It was used as a promotional car before I got it (demo) so its only done 3000Kms. (Still got the plastic on the display) The car will come with the balance of the 3 year warranty along with 3 years free servicing from Ford. It's registered until the end of June and will obviously come with a road worthy. The asking price is **\$52000**, and would suit a new car buyer. **John** can be contacted on **0424356868** if anyone wants a closer look see.

How John got the car....

So it all started with me buying a steel frame from Bretts Hardware in the middle of last year for my owner building project. Well little be known to me they were running a promotion with Blue scope steel to win a car if you bought product in the first couple of months of their initial production. So anyway, I bought the frame and put it up and all was good. Mid December 2018 I got a phone call from one of the managers at Bretts Hardware telling me about their promotion and I needed to be there to win the car. Oh and by the way it's a GT Mustang. I then told him that it would nice sitting along side my classic 68 coupe. The day of The raffle arrives and I rock up to the Victoria park golf club for lunch an the big draw. So here I am, me the only owner builder in the room with about 30 other big time builders and corporations. Everyone's name went in the hat and they then drew out 10 final names out of the 30 to go into the final pick. My name was number 10. The 10 of us then had to pick random Keys from a board and if the key opened the car door you won the car. 33 keys were picked and no bingo. I then grabbed key number 34, walked up to the car and put the key into the lock. The key turned but initially the door didn't open. I tried again and the door clicked open, alarms went off and the car was mine. After much celebration and pats on the back, I jumped in the car and drove it home. Even my wife didn't believe I'd won the car until I took a picture of it sitting in our driveway. She was at a work function at the time.

So long story short, the car drives like a dream, goes like a rocket and looks a million dollars however at the moment I haven't got the time to enjoy it so it needs to go to a new home. One that will appreciate the car for what it is.

This is why I've only offered the car to club members at the moment at the price I indicated (52k). Not bad for a new Mustang.
